## B2B TRADE E-SYSTEM

B2B e-system, tailored for bearing trade 24/7, 365 days a year

Combined ordering functionality, instant freight quotations

Real-time stock monitoring and timely support

## QUALITY & GUARANTEES

Team develops production processes in our own & partner's factories  
Manufacturing according to our strict engineering drawings

Production Part Approval Process (PPAP)  
• Authorised engineering change number (ECN)  
• Process is defined & documented  
• Process is monitored, analyzed, and improved based on data  
• Design record

Acceptable Quality Limit (AQL)

Modern laboratory and experienced engineering team in Lithuania

ISO certified  
We issue quality certificates based on test results

We provide product warranty

## WAREHOUSE & STOCK

Advanced warehousing system

Lithuania HQ

Panama

Poland

## LABORATORY

We have the latest measurement and quality assurance systems utilizing high-quality and precise measuring equipment with which we conduct all necessary tests to guarantee high quality of entire production

## REPUTATION & PROMINENCE

Marketing-oriented company

OEM supplier

Various recommendations from across the globe

Continuous participation in autosport events  
Dakar team, FIA World Rally, Porsche Carrera CUP

Constant participation in global exhibitions

Work with more than 90 countries worldwide

## ASSORTMENT

Wide range of Industrial, Agricultural and Automotive bearings

Expanding range to new types & industries

8000 product positions

500 new product positions added annually

## TRUSTED IN 90+ COUNTRIES GLOBALLY

# QUALITY CONTROL LABORATORY
